

I am writing a letter in my house in Tokyo.

Much thank your help and support to me from Binghamton.

My visa problem was gone out on Jan 3rd in Room #115 in SF. Office.

Officer understood some confusion and mixed up in my passports.

and gave me stamp, tear off the document which came from Hawaii.

Sharon and Edward Williams came there with me, there helps were so strong, after that my stress was gone.

And I learned good process for entry U.S. from other contrys.

Officer said.

"You should take tax reports and certification of my job in U.S.A."

Well I need some letter from you which showed my position in E.T.C. as consultant.....

and I need one or two more from WNET, Cable Arts, ...

Maybe I could be in U.S. on coming Feb/1st, but it is not sure then I must take your letter all the time.

And I need some money for synthesizer, if possible could you please send me \$1,200 by bank check

New synthesizer is almost similar as before I made.
and I will finish this by end of March.

Now. I don't have so nice time to do it. It is real short coming in Japan. slow — slow.

But. such debt from you makes. strong accuration to me.

Please say to Hello! to Sherry.
